

To whom it may concern: I enjoy my satellite radio. Satellite radio offers a variety of things I cannot get from regular radio stations. I am Hispanic and enjoy music of my heritage and I cannot hear that kind of music where I live. I pay for my service and I believe that the National Association of Broadcasters should not have the right to take away what I listen to. I urge you to reject the NAB's petition 04-160 and support the different programing I enjoy. Thank you
